

Jane Mulcahey
Director

Sustainability Planner
BSc (Hons) Town Planning
MRTPI

Jane has over twenty years experience in both private practice and local government. Her work has focussed predominantly on sustainable development, in particular large-scale regeneration projects in the UK and overseas, including the USA and Asia.

Jane's experience of sustainable development is wide ranging including:

- sustainable development frameworks and master plans
- sustainability appraisals
- expert witness at Examinations in Public (EiP) and Planning Inquiries
- sustainability statements/checklists
- sustainable development policy
- environmental impact assessments
- community consultation
- training.

Prior to setting up her own practice, jam, Jane was head of the Sustainability Team at Llewelyn Davies Yeang. She has also worked as an Associate Environmental Planner for Battle McCarthy, an Environmental Policy Officer for Westminster City Council and as a Sustainability Co-ordinator for the London Borough of Enfield.

Selected Project Experience:

- **Brookhay Villages & Twin Rivers Park (BVTRP), Lichfield and East Staffordshire Councils**
Review and critique of Lichfield District Council and East Staffordshire Borough Council's Sustainability Appraisal of the Local Plan on behalf of BDW Trading Ltd in relation to the allocation of the strategic development site for BVTRP, including the preparation of written representations, hearing statements and Expert Witness for the EiPs.
- **Hinckley and Bosworth Borough Council, Leicestershire**
Prepared the SA of the Submission Draft Earl Shilton and Barwell Area Action Plan, which supports the Local Plan and provides the detailed planning guidance for the development of two urban extensions.
- **Haringey Council, London**
Provided sustainability advice on a range of Council documents including: Review of the SAs of the Core Strategy; preparation of hearing statements and responses to representations for the EiP; review of the SAs for the Development Management and Site Allocations documents; Preparation of the draft Interim SA for the Development Management DPD; production of the Sustainability and Construction SPD; and preparation of Scoping Reports for Tottenham AAP and the Revised Site Allocations DPD.
- **Davenport Green, Trafford**
Review of Trafford Borough Council's Sustainability Appraisals in support of the Core Strategy and preparation of representations on behalf of Royal London Asset Management, in relation to the removal of the allocation of the development site at Davenport Green. Following presentation of representations at the Examination in Public, the Council called for an adjournment of the hearing and subsequently amended the Core Strategy and SAs to include the site.
- **Southwark Council, London**
Provision of sustainability advice and input on a range of Council documents including: the Sustainable Design & Construction SPD and Sustainability Assessment SPD; Sustainability Appraisal (SA) of the Core Strategy; SAs of the Aylesbury; Canada Water; and Peckham & Nunhead Area Action Plans; SA of the Dulwich and Bankside, Borough and London Bridge SPDs. Expert witness on sustainability at the Examination in Public on the Core Strategy.
- **Fleet Marston, Buckinghamshire**
Preparation of the Sustainability Statement to support an outline planning application for the development of over 3,000 homes to provide a sustainable urban extension to Aylesbury Town, on behalf of Barwood. Also provided a critique of the Council's SA of the Core Strategy. Following the EiP, the Planning Inspector advised the Council to review its Core Strategy, in particular the inclusion of Fleet Marston. The Council subsequently withdrew their Core Strategy.
